>As discussed, here's what I have regarding the request for information
>from RJA Group(Please see the attached e-mail message from Duane
>Johnson):
>
>CW02-033 Fire Alarm Phases I & II
>1.      Fire Alarm Phases I & II were done by Edwards and Zuck. Drawings
>from them may be available.
>2.      The Phase II 'wrap-up' was done 'in-house' under the Style 7 upgrade
>projects. Unfortunately, The CAD files were on tape that got lost in
>the Tower destruction.
>
>CW02-034 Fire Alarm Phase III
>1.      We do not have any recollection regarding this project.
>
>CW02-078 Fire Alarm Phase III-Tenant
>1.      It is believed that the requested information is Contract CW02-077,
>Fire Alarm Phase III - Device Upgrade at three floors: 46, 66 and 72.
>We have signed drawings with subsequent revisions, but no 'drawing of
>record'. The attached zip file, CW2-861.077.zip consist of 21 drawings
>and associated reference background files. The 'drawing of record' was
>prepared manually by the WTC Department and kept at 1 WTC.
>2.      Subsequent to this, for the rest of the tenant spaces, there were
>several Contracts of the Phase III device upgrades; CW02-17x, -27x,
>-47x, and -67x. The design was done 'in-house' with the help of
>'Call-in' Consultant working 'in-house' as well as by the tenant's
>Consultant. Engineering had developed a set of reference drawings to
>use with device layout for various tenant space. The total numbers of
>drawings for the Phase III devise upgrade project are more than two
>thousand. All drawings are not in our Server, but approximately 50%
>plus can be retrieved from the various archives. In general, the device
>layouts are typical for the three floors, and mentioned reference
>drawings are attached zip file, refdwg.zip.
>
>CW02-025 Operations Control Center
>1.      The electrical design was done 'in-house' and Consultant (RCC) did
>'radio and communication' portion. Unfortunately, our backup was on
